

EXPERIENCING FINANCIAL DIFFICULTIES?

WE'LL HELP YOU MANAGE BETTER!

In these difficult times, you might be struggling to manage your Manly Warringah Credit Union debts. Losing your job, a relationship breakdown, or a sudden illness, are just some of the circumstances that can cause you financial hardship.

If you are in this situation the immediate first step you should take is to talk to us.

At Manly Warringah Credit Union we prefer to take a conservative approach to lending initially. In other words, our stringent approval conditions are meant to help borrowers avoid financial difficulty in the first place.

But that's not to say that all our members are immune from the impacts of the economic slowdown. And with unemployment forecast to rise there could be more members who seek assistance.

Any Manly Warringah Credit Union member who finds themselves facing difficult financial circumstances and unable to meet their loan repayments should contact the Credit Union immediately.

We will discuss a range of short and long term measures to help you through your difficult time. This could include extending your loan term so that we could temporarily adjust your loan repayment to a more comfortable level.

Whatever the circumstances, Manly Warringah Credit Union will lend you an ear and offer you a hand. For that is really the Credit Union way!

Manly Warringah Credit Union members experiencing hardship should visit their local branch or call us on (02) 9981 8400.
